## On-Site Drug & Alcohol Screening Devices - Contract Number PA-204

As of April 1<sup>st</sup>, 2012 there is a new State Contract for Drug Testing Devices held by Columbus Community Center (CCC), a nonprofit organization that provides support services to people with disabilities. This new Contract PA-204 replaces Contracts MA-1683, PD-770 and PD-771, held by Redwood Toxicology Laboratory, Inc. (RTL).

CCC is partnering with RTL on this endeavor. Through this new contract, Utah agencies will continue to receive the same products and customer service provided by RTL, with the added benefit of assisting persons with disabilities in obtaining meaningful employment. In addition, Contract PA204 now allows Utah agencies access to RTL's entire product line, including the Panel-Dip device.

RTL will continue to be available to answer questions and to assist your agency with technical support services throughout the contract. If you have any questions relative to this new contract, please contact Brenda Veldevere at (801) 538-3142 or send an email to [bveldevere@utah.gov](mailto:bveldevere@utah.gov).
