MANAGEMENT PLAN FOR THE SCOTT MATHESON COURTHOUSE

R. B. Davis & Company has extensive experience cleaning courts, jails, holding cells, jury rooms, and judge's chambers. The company currently cleans the Layton courthouse, both the Orem and Provo courthouses, the Provo City Police station and jail, and previously cleaned the Frank Moss Federal Courthouse. R. B. Davis knows and understands the complexity and attention to detail needed in these types of facilities.

R. B. Davis & Company will provide additional man-hours and supervisors to set up the account the first month. These hours **Will NOT** be charged to the client and R. B. Davis & Company will cover the additional expenses involved in the start up phase of the new account. Copies of checklists (Task/Activity Schedules) will be specified for each individual cleaner and written down in a master control for each area to be cleaned. Specific job tasks and duties to be performed will be separated by shift schedules and specific areas in the building to be cleaned.

The company has extensive interviews for any prospective employee. R. B. Davis & Co. strives to hire the best and most capable people to perform the specific jobs. Employees are obtained through the following methods: (friends refer friends or associates, advertisements in the classifieds in daily papers, Department of Workforce help wanted advertisements, etc.).

All R. B. Davis & Co. employees will receive the appropriate security clearances before entering the building. The aforementioned company will pay the costs associated with the background checks. Each employee will have a uniform to identify him/her and emergency numbers to contact supervisors at R. B. Davis & Co. for any questions or concerns. All employees will be offered the opportunity to receive the Hepatitis B shots. Any employees that refuse these shots will be required to sign a form declining these shots.

All employees will be trained using the Butchers Training Guide in all aspects of janitorial cleaning. Qualified Supervisors will perform the training and instruction for all new employees. Shaun Davis will be the Manager/Supervisor of this account and will coordinate all the cleaning for the day shift. Eliana Melao, the on-site evening supervisor will coordinate the cleaning for the evening shift. R. B. Davis & Company will work closely with DFCM to facilitate the smooth transition of the start up process. A time clock will be installed in the main janitor's closet on the first floor and all employees will be required to punch in and out for their required shifts. No manual changes will be allowed to any timecards unless authorized by Shaun or Eliana.

Both Shaun and Eliana will have a list of employees to contact in case of emergency who have been cleared to work (these individuals will have the appropriate background checks completed before starting to work). All cleaning will be performed between 6:00am and 11:00pm each night. Shaun will perform a walk-through inspection once a week by himself and note any problems or areas that need attention. A walk through inspection will be conducted once a month by Shaun and a member of the DFCM facilities team. All concerns will be documented, addressed, and after each item is completed a follow up report will be given to DFCM.

Shaun D. Davis will be the Manager/Supervisor responsible for all of the cleaning during the day-shift (6:00am to 5:00pm). He will ensure all cleaning is performed according to the specifications in the contract. He will do an inspection once a month to evaluate the work and review any problems. . He will submit to DFCM a monthly calendar of all items completed and the dates the items were completed. This will include all stripping/waxing floors, buffing floors, auto scrubbing marble floors, monthly items, and window washing interior windows twice a year. Any semi-annual and annual specification will be included in his report. Shaun will oversee the work performed by both of the day porters. One day porter will begin work at 7:00am and work until 4:00pm Monday through Friday. The second day porter will begin work at 8:00am and work until 5:00 pm each day. These day porters will be split and the first one (named day porter 1) will clean all the restrooms, common areas, elevators, elevator landings, and respond to any concerns or emergencies for the South half of the building. The second day porter (named day porter 2) will clean all the restrooms, common areas, elevators, elevator landings, and respond to any concerns or emergencies for the North half of the building. Day porter 2 will clean the cafeteria on the first floor after 3:00pm each day.

Eliana Melao will be the on site supervisor who will oversee the day-to-day operations during the night shift. She will begin work at 4:00pm each day and work until 12:00pm or until all the work is completed and inspected. She will check with DFCM to see if there are any concerns, problems, or special requests to be completed that night. She will check with the maintenance supervisor each week to make sure all cleaning was competed and discuss any issues that need to be addressed that day. Eliana will oversee all the cleaning performed by the nighttime individual cleaners. The janitors will work from 6:00pm until 10:00pm each night and be divided up as follows:

One pair will clean the north side and the other pair will clean the South side.

There will be four janitors per floor (two for the North side and two for the South side). The janitors will complete all the cleaning on the floors (restrooms, holding cells, courtrooms, jury rooms, waiting areas, conference rooms, judges chambers, office areas and cubicles).

There will be one lead janitor for every two floors. Lead 1 will be over the 5th/4th South, Lead 2 over the 3rd/2nd South, Lead 3 over the 1st/Basement, Lead 4 over the 5th/4th North, Lead 5 over the 3rd/2nd North, and Lead 6 over the 1st/Basement North. The lead janitors will be responsible to inspect all the work once it is completed, spot clean the carpets, and perform many of the weekly and monthly items such as high dusting, spot cleaning door

frames, partition frames, and edge vacuuming the carpets. They will sweep and mop the stairwells assigned to their areas also. The lead person will be responsible for the cleanliness of their respected floor and report each night to Eliana. Each janitor will turn in their Activity/Task schedule every two weeks to the Lead Janitor for their floor. No employees will be paid unless they submit these papers to their direct Supervisors.

Eliana will be responsible for the evening cleaning. She will stock all janitor closets with paper products, chemicals, and perform minor maintenance repairs on the equipment. She will ensure everyone shows up to work and completes their assigned jobs in a timely manner. She will work closely with the Lead Janitors and spot check areas they have signed off on to ensure all cleaning is completed to her high standard of cleanliness. Eliana will complete a Performance Log on each janitor once a month and all completed forms will be turned into Shaun at the end of each month. Eliana has extensive experience with carpet extractors; high-speed burnishers, buffers, vacuums, air movers, and she will be the back up person who knows how to operate the auto scrubber. Eliana also has experience managing and supervising a large crew.

All areas will have detailed checklists to ensure all cleaning is performed according to the specifications in the contract. Eliana will be responsible for all janitors and the cleanliness of the facility.

Both Shaun and Eliana will have pagers and cell phones in the event any emergencies do arise. All concerns will be handled and addressed within one hour according to the specifications in the contract. The office has an answering service available to take calls twenty-four hours a day and someone will be available to respond to any emergencies not during normal business hours.

A current list of all chemicals and the corresponding Material Safety Data Sheets will be on site. R. B. Davis & Company will maintain their equipment and ensure all necessary chemicals are in place to perform the required cleaning. Spare vacuums will be available just in case there is a problem with any of the vacuums. Vacuums, buffers, and high-speed burnishers will be maintained and checked on a regular basis. R. B. Davis & Company will be responsible to replace or repair any damaged equipment.
