Re: NOCSAE Recertification License

Mr. Curry:

Please accept this letter as verification that Schutt Reconditioning is a NOCSAE licensee in good standing, and licensed by NOCSAE to recertify all athletic equipment that is subject to any of our standards, including all football helmets and faceguards. This license authorizes Schutt Reconditioning to recertify all brands of football helmets, batter's helmets, catcher's helmets, lacrosse helmets, and faceguards, where recertification standards exist for those products, and obligates Schutt Reconditioning to use only parts, paints, and accessories that meet or exceed OEM standards when recertifying equipment to the NOCSAE standards.

Please feel free to distribute copies of this letter to anyone needing confirmation of the fact that Schutt Reconditioning is a NOCSAE licensee in good standing and authorized by NOCSAE to recertify athletic equipment, including football helmets for the 2023-2024 reconditioning season.

Sincerely,

Michael Oliver Executive Director/General Counsel NOCSAE®

We have the parts and capacity to fulfill your 2024 reconditioning needs! Our process improvements and new domestic facility location with an experienced workforce are providing greatly improved quality and return times. If you currently need reconditioning or you are having issues with returned/unfinished helmets from others, we are here to help.

As a NAERA member licensed by NOCSAE we meet and exceed industry standards. All helmets are tagged with RFID tracking labels to record important information and allow easy identification throughout the process. All interior parts and faceguards are removed allowing better inspection, cleaning and sanitizing. Internal parts are reinstalled in the same helmet and rejected parts are replaced with new OEM parts. Shells are inspected, cleaned, sanitized and prepped for finish. Paint or polish. New recertification, NOCSAE, warning, size and initial season labels installed.
